Welcome to Our Product Catalog

As a specialized distributor, we provide essential products for the operations of Mauritian farmers. We have a portfolio of brands and partnerships with suppliers from multiple countries. We are committed to continuously supplying a wide range of products, including agricultural nets, harvest crates, coco peat, ground covers, safety fences, irrigation products, and much more.

About Us

Innovagri Distribution Ltd was founded in 2018 in Saint-Aubin, in southern Mauritius. Since the begining, our company has been committed to supporting farmers by providing high-quality agricultural products at competitive prices. Our mission is clear: to promote the sustainable development of the Mauritian agricultural sector by offering reliable, affordable, and tailored solutions to meet the needs of farmers.

Our success is built on our knowledge of the market, the selection of the best products at competitive prices, and a substantial stock that helps avoid delivery disruptions.
